Angels pass me by
When I look into your blue eyes
Calling down the morning sunrise
The evening tide pulls to your blues

Sum it up all in one
I can't help but loving you

Yeah, it sent shivers up my spine
Barely breathing, can't imagine why
Forces of a greater kind than I
Ease into my midnight sky

Sum it up all in one
I can't help but loving you

Clearer than sapphires dare to ring
Is my sigh waiting there in your eye
It's so beautiful, so beautiful like a dream
Calling on midnight flying things
Drop your kisses all down with the slightest of sounds

Angel blue eyes
Baby's got those angel blue eyes
Calling down the morning sunrise
The evening tide pulls to your blues

Sum it up all in one
I can't help but loving you

And reminders of finer things
So pure, you were sure they would crumble and break
But so beautiful, so beautiful
You knew that they could not

Perfect down to the last eyelash
With wishes attached to heartstrings at last

Clearer than sapphires dare to ring
Is my sigh waiting there in your eye
It's so beautiful, so beautiful just like a dream
Calling on midnight flying things

Drop your kisses all down with the slightest of sounds

And I can't remember, yeah, I shiver

And I can't remember, yeah, I shiver
