Where can I find some peace of mind?  
The line that they've drawn is way too fine, it isn't mine  
Sometimes the things that we have seen  
We wish so much that we had never had to see

When I sit back and when I am alone  
(When I am all alone)  
I try not to act the way that I was shown  
(The way that I was shown)

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon

When I'm with you it makes so much sense  
There is no question that you can't give the answer to  
You hold my heart and you have given me a start  
Where would I be if you had never loved me?

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon

All the special things we can't see with our eyes  
They're the underlying meanings in our life  
Even though I can't see you with my eyes  
God, you are the meaning in my life

All the special things we can't see with our eyes  
They're the underlying meanings in our life

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon

Just because you don't see  
The other side of the moon  
Doesn't mean it's not there  
Time travels slow but maybe soon
