I remember we used to sit out back and drink until the  
morning light  
Always bummin' smokes and talking trash about the  
pleasure we had  
Summers come and gone  
And the winter needs a song  
And I guess I keep movin' along in a rhyme that I have  
in my head  
Rhyme that I have in my head

Oh we used to drop some pills and sing til we lose our  
voice  
Chasing our dreams, we tried to put em' in a bag and  
save em' for another day yeah  
Oh I feel, these memories are real

Times you can't steal  
For the love that I have for my friends  
Love that I have for my friends

I just can pretend I need you  
You aint' no other love I never had  
Soon you will find my log  
Its a beat that will never stop  
Its the loneliest time apart

Love that I have for my friends  
Love that I have for my friends  
Love that I have for my friends  
Love that I have for my friends
