Suddenly everything is fainting  
Falling from a broken ladder's rung  
There's a jolt exhilarating from the phone I'm holding  
I hear the words of what I'll become

How eager the hands that reach for love  
'Cause now there's a new life to behold  
And it's the biggest part of my life to unfold

'Cause now she's telling me she'll have my baby  
And a faithful father I am to be  
When I'm looking into the eyes of our own baby  
Will it bring new life into me

Deep inside must defy arrangement  
I've been a stumblin' from the startin' blocks till now  
And I'll always try to justify the way I've been behaving  
Should I teach one not to know how

How to live in a world we live in now  
'Cause there's a beautiful life to behold  
And it's the biggest part of my life to unfold

'Cause now she's telling me she'll have my baby  
And a father figure I am to be  
When I'm looking into the eyes of our own baby  
Will it bring new life into me?

Oh please  
Oh please  
Oh please

Bring new life, bring new life  
Bring new life into me  
Bring new life into me  
Bring new life into me  
Bring new life into me
