Boom, I'm popping bottles, oho
I'm fucking models, oho
Dance till the morning
I don't want to go home
I'm popping bottles, oho
I'm fucking models, oho
Dance till the morning
I don't want to go home

Let's get this party started
Let's go do something naughty
Let's get on we rocking till the break of dawn
Let's get this party started
Let's go do something naughty
Let's get on we rocking till the break of dawn

...

show, after night
We gonna hit the town,
make it off right
Just let yourself off, tonight is you night
Rise up to the sky
We gotta let the music play
Don't care of what the people say
Gotta live your life,
party all time
Party all the time
And I just want to
Party all the time,
party all the time, party all the time

And I just want to
Party all the time, party all the time,
party all the time
And I just want to
Party all the time, party all the time,

party all the time
And I just want to
Party all the time,
party all the time, party all the time
And I just want to
Party all the time,
party all the time

I see you moving, when you do it...
Just loose it...
me and you go
You know we celebrating,
We making love not hating
We play hard, go hard,
plus we never fake it

Let's get this party started
Let's go do something naughty
Let's get on we rocking till the break of dawn
Let's get this party started
Let's go do something naughty
Let's get on we rocking till the break of dawn

Whoa, whoa, make it, all the time
And I just want to. Party all the time,
party all the time, party all the time
And I just want to, Party all the time,
party all the time, party all the time
And I just want to, Party all the time,
party all the time, party all the time
And I just want to, Party all the time,
party all the time, party all the time
And I just want to,
Party all the time,
party all the time
