Dancing.. dancing without music..

I can't stop, cause I'm addicted to our love plot
but I won't kick this habit, no, although you tease me so, but I like it baby...

My hands shake (slow)

I need a fix, I need some love made (now)

Cause nothing makes me feel as high.. as you.. n' the things we do..

I need you baby

Me without you and you without me

It just doesn't rhyme it's not how it should be

It's like dancing.. dancing without music

I'm not as alive without you in my life

and you're not as strong without me by your side

It's like dancing.. dancing without music..

I come down my palms are sweaty can you come around

cause only you can save me, now, I need your body heat

I'm ripe now baby

You kiss me (slow) and I can tell that you have missed me (now)

You hook me up and reel me in, saying I, am about to fly

Let's take off baby...

Me without you and you without me

It just doesn't rhyme it's not how it should be

It's like dancing.. dancing without music

Like head over heels with no heart in between

Like a bed just for sleeping if you know what I mean

It's like dancing.. dancing without music

Me without you and you without me

Like a head over heels with no heart in between

Like a bed just for sleeping if you know what I mean.. what I mean

Me without you and you without me

It just doesn't rhyme it's not how it should be

It's like dancing.. dancing without music..
Me without you and you without me
It just doesn't rhyme it's not how it should be
It's like dancing.. dancing without music..

Like a head over heels with no heart in between
Like a bed just for sleeping if you know what I mean.. what I mean
It's like dancing.. dancing without music..!
