there so many dreams unlighted
swearling in the sky above absence minds
open up to be unlighted there's a mirror cover
everyone to find
do you want to drive away back do you want get away
now?
do it only for the sunlight do you wanna feel again
now?
do you wanna leave like crazy? close your eyes to
make end!

come with me honey the light is amazing
leaving you find every thing you are missing
come with me now live with me now.. love me crazy

follow me to the heart i'm waiting live as you know
follow me now... be with me now.. love me crazy!

when you follow your devotion you'll discover how the
world is changing
let me show you every mothion as you matter away
fulfill our dreams unlight
do you want to drive away back do you want get away
now?
do it only for the sunlight do you wanna feel again
now?
do you wanna leave like crazy? close your eyes to
make end!

love me crazy...come with me tonight
love me crazy...come with me high (2)
