All my life I've been debating
All the crows they sit there waiting
Wondering what I'm going to eat
Until I have it I can't breathe
I only see you on the floor
Your hearts not beating anymore
My lust for you just cannot wait
Your skin it tastes like chocolate
Staring blankly at the sun
Waiting for my time to come
Your happy life it makes me sick
All the screaming sounds like music
Losing all my holy dreams
Someone tell me what they mean
There's an iron smell of blood in the air
But I can't find it anywhere
[CHORUS]
I've been waiting for someone to find me
And become a part of me(Part of me...)
I've been waiting for you to come here, kill me
And set me free(Set me free...)

Bloods flavor is so metallic
It's smell makes me go phrenetic
Texture that I find in you
Is a thick viscous glue
Some nights I become so keen
With all I touch and all I see
There's an iron smell of blood in the air
And now I see it everywhere
[CHORUS]
I've been waiting for someone to find me
And become a part of me(Part of me...)
I've been waiting for you to come here, kill me
I've been waiting for the one

I've been waiting for the one(The One...)
I've been waiting for someone(Become a part of you...)
And I've been waiting for you to come and kill me(And
set mr free...)
I've been waiting for...

(Pwnage Giutar)

[CHORUS]

I've been waiting for someone to find me, and become
a part of me

I've been waiting for you to come here and set me free

YEAH!

I've been waiting for you to come and kill me

I've been waiting for...
