Lamentorum tuorum error cordes nostra refrigerat,  
Lacrimarum tuarum tener ros adustiones mitigat...  
Stella diurna, caelum tuam lucem continere non  
protest...

As I entered the limbs of solitude,  
Cum Lucifer paulatim penetraret  
Cum penetrares sinum tenebrarum  
The darkness grew deep inside of me  
In sinum limborum solitudinis,  
Atque te saepires solitudine,  
Reflected in the eyes of the statue  
Eum tenebrae impleverunt  
Lux te reliquit  
Of what I once was and no more shall be.  
Atque chaos interius astri morientis  
In oculis statue angelicae repperussum...
