It was a year ago  
You didn't want to be my friend  
You didn't call to let me know  
You simply walked away and let it end

It was a bigger burn  
Than what I counted on  
I always wondered why you didn't try  
To tell me I was wrong, ooh

And after time had passed  
I dipped my toe into the pool  
Where you were floating on a raft  
You didn't smile then, you played it cool

It was a bigger burn  
Than what I counted on  
I always wondered why you didn't try  
To tell me I was wrong  
Ooh, ooh, ooh, ooh, ooh

How long was it gonna take  
For you to forgive me?  
Whoa baby, it was worth the wait  
To find you and dare you to kiss me

How long was it gonna take  
For you to forgive me?  
Whoa baby, it was worth the wait  
I dare you to kiss me

And now a year has gone  
It always goes so fast  
But takes so long and what a nice surprise  
To find myself staring into your eyes

It was a bigger burn  
Than what I counted on  
I always wondered why you didn't try  
To tell me I was wrong

I was wrong

I was wrong  
I was wrong
