So easy for some people,
I can't figure it out.
It's so easy for some people,
But I don't know what love is all about.

I'm too hot, I'm too cold,
Was too young, now I'm too old.
I'm too short, I'm too tall,
I'm always right but I'm never right enough.

I'm a cold night, I'm a dark cloud,
I talk too much and I laugh too loud.
With starfish eyes and a half mouth grin
Was a broken down joulapee, I invited him in.

So easy for some people,
But I can't figure it out.
It's so easy for some people
But I don't know what love is all about.

It's such a simple thing to follow down the path
For me it's complicated, I just get sad trying.

But it's so hard, I'm nearly broke in two,
I wish for love, I wish for me and you.
Our sun had set, it isn't hard to see
I want to dream big dreams, but it's so hard to believe
'em.

It's so easy for some people,
But I can't figure it out.
It's so easy for some people,
But I don't know what love is all about
