Two faces
Two faces
Two faces

One car is pretty and fast
Smooth as a pebble
Or dirty old beach glass
I'm not afraid to drive
It seems like he wants
To take me for a ride

Two faces
Two faces
Two faces

I see two faces
Two faces
Two faces

One tall building
Is weak from the cracks
Still so elegant, a record of the past
I'm not afraid to fly
It seems like he wants me
To leap off of his balcony

Two faces
Two faces
Two faces

One man, one man
One love, I want water
To keep the people satisfied
One God above

I see two
