[Lyrics by J.]

[Music by Elenium]

Time and fate they float like a river  
But we don't see it that way  
In our village there is no need  
To see the moments of our lives.  
People are happy as they should be  
Don't you dare disturb our peace

Always there lays the conspiracy in the human mind.  
Nothing is perfect, it's  
Been seen before

[chorus:]

If you'll look in the deep dark lakes of soul  
You'll see the other side. The twisted side,  
This Side of Paradise...

Snake crawls into your paradise  
Makes your life a living hell  
But you are not realising it  
Your best friend is your worst enemy  
Inner demons are haunting you  
But you refuse, believe it's true  
Always there lays the conspiracy in the human mind  
Nothing is perfect, and  
You know it

Path to insanity is clear for you, just walk through it  
But why is it always so much easier to just sleep away
