[Music by Elenium]

I create, ejaculate, this world

I am immortal

I am eternal

I am internal

Infernal

Creator, saviour, the end

I create, I cease this world

I am alone

I am with you all

I am external

I love

Victim, follower

The reason for it all

[chorus]

These things I repeat

These things I live with

These plains I'll summon

This life

I'll try to create

These things I repeat

I'm immortal, I'm eternal

I'm internal -infernal

I'm alone, I'm with you all

I'm eternal -I love

Creator, saviour

The end, victim, follower

The reason for it all
