Leo vs. Taurus

I feel the transition
I feel the eternal
I feel the grinder on my heart
Million drawings on the firmament
I can go ahead
Until I reach Taurus

LEO against the hole world
The handstand you're the autonomous
You can't understand

Leo
Taurus
Leo
Taurus
The circle of blood
The circle of my blood

Brother
My brother

My brother in my war
My brother in my heart
I help you
