Get your head checked, honey
Take it off, get out of there
It's a big show baby
Play the role and break a leg

You and me
Don't see eye to eye
But that's alright with me
I'm gonna stay by your side

I don't cheat, I never lie
Our love will never die
I wanna be the one who holds you
When we fly

Fill it up now, sugar
I'm all empty and in the red
It's a long road, baby
Pay the toll, full steam ahead

We need to be on the same side
Cause you're like my family
I know we gonna get by

I don't cheat, I never lie
Our love will never die
I wanna be the one who holds you
When we fly
My love for you will never die
I wanna be the one to holds you
When we fly

Another place to call home
Another way to move on
Well, we will always find another way
To open the doors and go on with our lives today

Our love will never die
I wanna be the one to holds you
When we fly
We will make it, we will find our way

We will make it, we will find our way

I don't cheat, I never lie..
