"Not Gonna Beg"

What can I say?
I did it just to see the look on your face
And the way you looked at me just sank my heart
What can I do?
On the balcony
A lonely cigarette I drove you to need
Has everything begun to fall apart?
What did I do?
What did I do?

I'm not gonna beg you to stay
Even though I should
I'm not gonna beg you to stay
I'm not gonna beg you to stay
Even though I should
I'm not gonna beg you to stay

Let me in
Or let me out so I can learn to love you again
Come inside you'll catch cold from the rain
I know you hate the rain
Please settle down
Don't bury me in that hole in the ground
The place for all the things that we forget
Don't leave me yet
Don't leave me yet

I'm not gonna beg you to stay
Even though I should
I'm not gonna beg you to stay
I'm not gonna beg you to stay
Even though I should
I'm not gonna beg you to stay
