[Verse 1:]

They got those blue razor eyes
And they're staring at me
Right through the back of my mind
Something to see
And when you're feeling way too heavy
Feeling way too heavy
Got no time oh my god
Please set me free
Cause I'm feeling way too heavy
Feeling way too heavy

[Chorus:]

I got a backbone
Everything'll be alright
I got a backbone
If only I can hold on tight

[Verse 2:]

Gimmee some friction
You know what I need
It's such a callow conviction
Please set me free
And when you're feeling way too heavy
Feeling way too heavy
Got no time oh my god
Please set me free
Cause I'm feeling way too heavy
Feeling way too heavy

[Chorus:]

I got a backbone
Everything'll be alright
I got a backbone
If only I can hold on tight

[Bridge:]

I'll be shinning
In a velvet sun
Lift up your eyes
Sound it on the drums
I've got the keys to the world

I've got the keys to the world

[Chorus x2]

I got a backbone

Everything'll be alright

I got a backbone

If only I can hold on tight

Everything'll be alright

If only I can hold on tight
