Verse:

The evening stars and the morning sky
They were made by your hands for the joy and your
pleasure
You laid your riches and glory aside
And you came to the earth just to make me Your
treasure

Pre-Chorus:

How great you are, How great you are

Chorus:

I am amazed by You
I am amazed by You
By the cross where you died, you raised me to life
And your grace is making me new
I am amazed by You

Verse 2:

You filled my heart with your glorious light
By the touch of your hand I was gently awakened
You took my sickness and gave me Your life
And you healed every hurt of a heart that was breaking

Pre-Chorus

Chorus

Bridge:

I am amazed...

Chorus 2:

I am amazed by You
I am amazed by You
By the cross where you died, you raised me to life
And your grace is making me new
I am amazed by You
