Verse:

Light broke through
It was you
It began to rise inside of me
As you breathed in peace
Hallelujah

Chorus:

We were bought, we were bought with love
So we walk, we walk in love
You've been calling us out of ourselves
To love a world that's broken down
So we walk in love

Verse:

Wake up soul

You've been made whole
It's Christ in you who's shining
through
When you give love away
Hallelujah

Chorus x2

Hallelujah, hallelujah

Bridge:

We will love, we will love, we will be your love
You will shine, you will shine, you will shine in us
We will love, we will love, we will walk in love
