Verse 1:

You are rising up
Your heart burns in us
Let justice fall, let justice fall
Setting captives free
Calling us to be
Your hands and feet

Chorus:

We unite for your kingdom's cause
So that hope will fall
Over all...
We unite for your kingdom's sake
So that love will reign
Above all...you reign above all

Verse:

You're the God of hope
Calling us to go
And be your love
We need your love

Justice for the weak
For the least of these
Break our hearts

Chorus

Bridge:

Hear the heart of Christ for us
A call to love, a call to love
Hear the Son of God rejoice
As people (we all) love, we all love

Chorus 2x
