Though our hands are tired
Our eyes they look to You
Even in the dark
We will follow after You

Our hearts are hopeful
Our faith believing
We're not alone
You are here
Your promise tells us
You're always with us
We're not alone
You are here

When the ground is dry
Our hope remains in You
Even in our pain
We believe that You will move

Our hearts are hopeful
Our faith believing
We're not alone
You are here
Your promise tells us
You're always with us
We're not alone
You are here

You hear our prayer
You see our need
Nothing is too hard for our God
So we will move
Our faith in You
Nothing is too hard for our God
[x2]

Nothing is too hard for our God

Our hearts are hopeful
Our faith believing
We're not alone

You are here
Your promise tells us
You're always with us
We're not alone
You are here

We're not alone
We're not alone
Nothing is too hard for our God
[x2]
