You asked me if I wanted my jacket back,  
You know it looks better on you.  
I said "What about your favorite shirt?",  
You said I could keep that, too.  
I said I'll see ya next time but, baby I don't know when.  
I can't help but feel like cryin', it'll never be the same  
again.

You like Barbara Streisand, I don't like her at all.  
You like to laugh at people when they trip and fall.  
And you don't like the way I drive,  
You're always tryin' to change my hair.  
Guess I didn't think I'd notice, guess I didn't think I'd  
care.

I could say we both saw it comin', but I really don't think  
we did.  
I could about how when we first met, we were still just  
kids.  
I could tear all of my hair out, tryin' to think of things to  
say  
When all I really wanna know is, how the hell'd it end up  
this way?

And maybe I laughed too much, but I knew it wasn't all  
a joke.  
And maybe you didn't think before everytime you  
spoke.  
I think about all the good times and it cuts me like a  
knife.  
I hope that you don't hate me, I hope I see you in the  
next life.

You know, I wish I could make it work, cause I feel like  
such a jerk.  
I wish it wasn't such a game cause I feel like I'm to  
blame.  
I've tried to make some sense, it feels wrong but I think  
it's right.  
I hope I get a second chance if I see you in the next life.

REPEAT CHORUS

I hope I see you in the next life.
