Verse:

Roll up another joint  
One more time to clear my head  
And I'll get right to the point,  
I better star feelin better or I'm better off dead,

Verse:

Put some ice in a dixie cup,  
Pass the whiskey over here  
Take that joint and fire it up,  
And if there ain't no whiskey pass the beer,

Bridge:

I got just about two dollars but I know someone with  
five,  
I got fifty cents on gas if you agree to drive,  
We can head on down to the liquor store find somethin  
to cure our ills,  
If whiskey won't do it then cheap wine surely will,

Verse:

I stumble in to the liquor store  
With a dollar-fifty for a bottle of wine,  
I know just what I'm lookin for  
Thunderbird will do just fine

Solo:

Repeat Bridge:

Repeat Verse 3
