(Verse 1)

Letters that I wrote and never sent to you.
I guess some things would be better left unsaid.
Even though I try not to think of you.
You're in my head. Without you here I'm nothing but a wonderer.
Roaming through this desert on my own.
And every where I go, they stop and stare at me.
I'm so alone.

(Chorus)

And I'll wait for the rain to come down.
And wash away all this pain that I'm feeling inside,
because of memories I hide.

(Verse 2)

I used to think that love was just for fools who trust.
Now I find I'm standing side by side.
And I'm not all sure of where this road is leading me.
So I continue to drive; I continue to drive.

(Chorus)

And I'll wait for the rain to come down.
And wash away all this pain that I'm feeling inside,
because of memories I hide.

(Instrumental Bridge)

(Chorus)

And I'll wait for the rain to come down.
And wash away all this pain that I'm feeling inside,
because of memories I hide.

(Instrumental Break)

(Coda)

Letters that I wrote and never sent to you.
I guess some things would be better left unsaid.
