The pictures on the walls are telling me what I'm  
supposed to be,  
To make you happy. Are you happy with me? Are you  
happy with yourself?

Stay away from the problems I create, and everything  
will be ok.

And... Make sure that you don't listen to a word I say,  
don't even pay attention to me.

I'm so sick and tired, sick and tired of you and your  
creations,  
you're so creative.

Don't say that you are turning in, I haven't begun yet.  
It's 12 0'clock you are driving recklessly, my turn is up  
ahead now.

You think that you can get the better side of me,  
'cause I'm just hangin' on everything you say.

And... Talk is cheap and so is the way you walk,  
so put your money where your mouth is and eat it  
slowly.

I'm so sick and tired, sick and tired of you and your  
creations,  
you're so creative.

And... Don't say that you are turning in, I haven't begun  
yet.

It's 12 0'clock, you are driving recklessly, my turn is up  
ahead now.

You think you know me better than, better than I know  
myself.(x2)

You think you know me better than, better than I know  
myself,  
you're better than anyone else.

Don't say that you are turning in, I haven't begun yet.

It's 12 0'clock, you are driving recklessly, my turn is up  
ahead now.

You're impossible, you're so impossible. Impossible!

Yeah, you're impossible, you're so impossible.

Impossible!(x3)

You're so impossible, you're so impossible.

Impossible!
