There's a whisper in the air you breathe
Underneath the sky tonight
There's a piece of you
Inside my heart
That runs too deep to describe

And you're so much more than Wonderful
So much more than I can see
And I could spend forever hoping
You'd be here with me.
Here with me.

When the world leaves me so winded
and with nothing left to say
There's an Angel in your voice
That tells me everything's okay.

And you're so much more than Wonderful
So much more than I can see.
And I could spend forever hoping
You'd be here with me.
Here with me (x4)

And you're so much more than wonderful
So much more than I can see
And I could spend forever hoping
You'd be here with me.
(x2)

Here with me
