### I. Solitude

Under the mountains, deep in the world's core  
Hiding under ancient rock and stone  
There I have dwelt for a dark timeless age  
In a cruel world, cold, lost, alone

Within these caverns of grim shadows  
The rock surrounding me  
Hides me from the light, brings me comfort  
Caught underneath and yet as free  
As I could ever wish to be

Under the mountain I can  
Hide myself, hide my sorrow,  
Hide my deepest pain and grievances of old  
All my days seem like endless nights  
So dark, not a single star above

Within these caverns of grim shadows  
The rock surrounding me  
Hides me from the light, brings me comfort  
Caught underneath and yet as free  
As I could ever wish to be

I can feel it, I feel it, it's near  
Now is the time to come to me...

### II. The Oath

Watching the world through corrupted eyes,  
Piercing the shadow with their cruel sight  
Nothing escapes from the cunning hunter's gaze  
Nothing escapes in White-Face light

And so I hunt down the thief - BAGGINS!!  
The traitor - BAGGINS, SHIRE!!  
The filthy liar that took away my One

I alone am the rightful owner of the One

The precious, my precious-s-s-s-s-s...

### III. A Twist Of Fate

A bleak sun rises in the East,  
Yet the night's reign is prolonged  
Blackest of clouds cast from Orodruin  
Darkness falls upon...

...the barren land I have to cross  
To aid the master in his quest  
Yet my goal remains unspoken,  
(I swear that) I will find no rest

Until he holds his precious One  
Safe and tight in longing hands  
A baneful twist of fate spells chaos  
For all of Arda's lands...

For all of Arda's lands shall tremble  
And despair under my reign...  
They will call me, call me The Great

### IV. Sorrow And The Dreamer

My sorrow now ablaze,  
The call from the Darkland  
I shall not heed...  
The eye of evil flames

One part of me, corrupted by greed,  
One part still dreams of old forests of green  
And the beauty of all that remains to be seen  
Released from this curse, unbound and free

### V. Of Reason And Lost Ones

In the Land of Shadows  
Under barren rock and ash  
The final change was made  
That set the final fate

Yet somewhere locked inside
