Surrounded by four walls, they cave in on you
Spend some time with your weakness, but don't let it
get the better of you
Watch you fade away
For just one more day
So sick and tired of seeing you, watching you fade
So sick and tired of seeing you, watching you fade
Addiction is yours, poison yourself all alone
Take control of your sickness, don't leave us here on
our own
Watch you fade away
For just one more day
So sick and tired of seeing you, watching you fade
away
So sick and tired of seeing you, watching you fade
away
(Yo, yeah sweet, uh... ..which one was it?
Umm... yeah... seven maybe? ...sweet, OK bye)
Don't go, please don't go
I know, you're alone
Don't go, please don't go
Don't go, please don't go...
Won't sit back, relax, no more you make me sick
Watch you rot from the inside out, what is this shit
Don't tell you'll never last with this
Don't sit back relax, you poisonous cyst
Am I, calling ten, what the fuck is this
Did I make this choice, did I do this?
I used to laugh while you would spit
Now your laughter's a fit
Don't go, please don't go
Don't go, please don't go...
(Won't sit back, relax, no more you make me sick
Watch you rot from the inside out, what is this shit
Don't tell you'll never last with this
Don't sit back relax, you poisonous cyst
Am I, calling ten, what the fuck is this
Did I make this choice, did I do this?
I used to laugh while you would spit
Now your laughter's a fit)
Don't go, please don't go...
