(feat. Billy Corgan)

[Note: words in are sung by Billy]

You and me we should get out of this town tonight
Cause everywhere I put my foot down
It's just another concrete block waiting for me

And it's a...
(dark cold night now)
And it's a...
(dark cold night)

My spirit is freezing to ice in this heat

Could you turn around and say
Hooray, it's a beautiful day L.A.
(yeah come on)
But now it's time
To pack your bags and go
Hooray it's a beautiful day L.A.
But I think I'll be gone today

I've been traveling at the speed of gasoline
And stopped by the color of electricity
We've been trying for too long
To cover up his fingerprints

From a distant past

And it's a...
(dark cold night now)
And it's a...
(dark cold night)

My spirit is freezing to ice in this heat

Could you turn around and say
Hooray, it's a beautiful day L.A.
(yeah come on)
But now it's time
To pack your bags and go

Hooray it's a beautiful day L.A.
But I think I'll be gone today

And it's a...
(damned cold night now)
And it's a...
(damned cold night now)
My spirit is freezing to ice in this heat

Could you turn around and say
Hooray, it's a beautiful day L.A.
(yeah come on)
But now it's time
To pack your bags and go
Hooray it's a beautiful day L.A.
But I think I'll be gone today
