Wake up, the sun goes down  
This day was shorter  
Another day goes by  
Another day passes by

Wake up and run for the clown  
Not now, but soon will have a daughter  
Another day goes by  
Another day passes by

I know it's all I have  
I keep my promises to you  
In this pocket full of holes  
And I know, I know it's all I have

But you look beautiful  
In that bracelet of joy  
You shine when you put  
On my necklace of peace

Wake up, my heavy heart  
Did I just swallow a stone?  
This day will not go by  
Another day on stand by

I woke up out of breath  
Stuck in a death zone  
Another day to search the sky  
Another day with nothing but clouds

I know it's all I have  
I keep my promises to you  
In this pocket full of holes  
Yes I know, I know it's all I have

But you look beautiful  
In that bracelet of joy  
You shine when you put  
On my necklace of peace

I know I can't make you wear it

But I sure will try  
I know I can't make you wear it  
But I sure will try

I know it's all I have  
I keep my promises to you  
In this pocket full of holes  
And I know, I know it's all I have  
But I can't make you wear it

But you look beautiful  
In that bracelet of joy  
You shine when you put  
On my necklace of peace
