I can't breathe
Swallowing water and then
A single breath
then under again
Cuts blood razor-rock
and silent scream
But nothing is what it seems
And I'm not nearly as tired as you think I am

I know you're pulling me under
But I'm back again
Now there's a storm in my eye
You don't scare me anymore
Come now come spirit of thunder
Hold me again
Now there's a storm in my eye

Hey river
Don't you dare speak my name
Dark river
Because it's pulling me down
The thing is
You could never really pronounce my name right
There's a storm in my eye

I know you're pulling me under
But I'm back again
Now there's a storm in my eye
You don't scare me anymore
Come now come spirit of thunder
Hold me again
Now there's a storm in my eye

I know you're pulling me under
But I'm back again
Now there's a storm in my eye
You don't scare me anymore
Come now come spirit of thunder
Hold me again
Now there's a storm in my eye

Don't you dare speak my name
I'm not drowning today
