Just because you're a saved how does that make me lost?

Eyes wide hands tied capsized in flouride 4 out of 5 recommend

A gun what if you were wrong the argument goes on And on a fistful of dollars ring around the collar and father never knew

He had a son wait for the final setting sun rise for the everlasting

One the oldest form of possession what a waste to spend life on

Why no war's ever really won the true devil, religion do not confuse

This with condemning having faith, hatred and god fuel the future

Master race escape your prisons open up your minds believe

There's something besides your way behind the disquise behind you disquise
