Careful where you hide
Secrets come alive
Walk right by the evil things
Slip into the night

I am the creature and I'll roam
I've lived a thousand times before
No longer waiting at your door
I am the creature and I'll roam

All across the land
The specter holds your hand
Though her face you cannot see
Her thoughts you'll understand

I am the creature and I'll roam
I've lived a thousand times before
No longer waiting at your door
I am the creature and I'll roam

Come on under
I'll be waiting right beneath your feet
Time is over, we're forgotten
Lightning fills the sea

Have you ever heard
The noises and the words
Calling out to lure you
To the boiling underworld?

I am the creature and I'll roam
I've lived a thousand times before
No longer waiting at your door
I am the creature and I'll roam

Come on under
I'll be waiting right beneath your feet
Time is over, we're forgotten
Lightning fills the seas

Lightning fills the seas
Lightning fills the seas
