Friday night here come the crowds  
And we're swallowed whole but we breathe alone  
In the here and now  
All these voices melting down  
I shut my eyes and I try to hide  
In the here and now

I can see the truth in your eyes

Whisper words I'll never hear  
To the deafening, to the broken scene  
To the endless fear  
Faith and flood is rushing out  
When you look at me, I can see the truth  
In the here and now

I can see the truth in your eyes

We're lost in the lights and sound  
The walls all melt to the ground  
And if you don't believe  
I will tear the sky down right now  
We're lost in the lights and sound  
The walls all melt to the ground  
And if you can't believe  
I will tear the sky down for you

We're deafening and the broken sounds  
I can hear the truth

I can see the truth in your eyes  
We're lost in the lights and sound  
The walls all melt to the ground  
And if you don't believe  
I will tear the sky down right now  
We're lost in the lights and sound  
The walls all melt to the ground  
And if you can't believe  
I will tear the sky down for you  
We're lost in the lights and sound  
The walls all melt to the ground

And if you don't believe  
I will tear the sky down right now
