(verse 1)

He's always there to pick me up
When somebody got me down
And if it wasn't for him
I probably wouldn't be around
He's stayed up with me
After them girls would leave me
Now I've been called a liar
But please believe me

(Chorus)

He's my superman
I'm his biggest fan
He's the only one who gives a damn
About me
He's my bestfriend
Till the very end
And I could not live
Without him

(Verse 2)

He didn't knock me senseless
When I'd have too much to drink
To him I'm not embarrassing
He don't care what people think

(Repeat Chorus 2x)
