I have this vision in my head
of your little black suitcase lying on the bed
you standing by the window
staring into space
looking everywhere but tears rolling down my face
filling up the room with silence so we wouldn't have to
say
goodbye

for every other memory
I have of you is good
and if I could only rewind time
I hope you know I would
ohh
if you wonder
if I ever stop and think of you and me
every other memory

I've got this city at my door
and the bright lights are better than before
tonight I can't help wondering what's it all about
every now and then I think I see your face out in a
crowd
even with the way we ended, I'd love to hear your voice
give me a shout
sometimes

cause every other memory

I have of you is good
and if I could only rewind time
I hope you know I would
ohh
if you wonder
if I ever stop and think of you and me
every other memory

I have this vision in my head
your suitcase lying on the bed
? smile on your face
one last long embrace
I feel your tears wet on my cheek

as if it happened just last week
I know a lot has changed
but nothing's changed
no nothing's changed

cause every other memory
I have of you is good
and if I could only rewind time
I hope you know I would
ohh
if you wonder
if I ever stop and think of you and me
every other memory
