Just Like Some Old Romantic Movie  
Everything's In Black And White  
We Just Couldn't Get Along Together  
So Were Letting Go Tonight  
Before We Let The Credits Roll  
Here's A Toast To The Days Ago

Here's To You  
To All The Things We Held On To  
Secrets That No One Else Knew  
Here's To You  
Looking Back To What We Went Through  
It Is Over Now We Know That's True  
Here's To You

We Found Ourselves Caught Up In Memories  
Thinking Back To The Way Things Used To Be  
Mom and Never Let Us Be Alone  
Holding On To A Piece Of You And Me  
I Know We Can't Dwell On The Past  
Nothing we Can Regret Nothing We Can Take Back

Here's To You  
To All The Things We Held On To  
Secrets That No One Else Knew  
Here's To You  
Looking Back To What We Went Through  
It Is Over Now We Know That's True  
Here's To You

Soooooooooooooooooooooooo

Here's To You  
(Yeah)  
Here's To You
