Here I go, another night making my rounds
To every single bar in town
By 2 am, I will drown away my worries
And set my troubled mind at ease

Chorus:

Hey bartender, How 'bout another glass
Looks like another night, Me and Jack
It's been this way ever since she left me
And there's nothing I can do to make it right
She's been gone since I picked up the whiskey
Now it's me and jack throwing it back tonight

Here I am, Closing time again
Familiar faces, and not one friend
Rescue me from this life on my own
You don't know what it's like to be alone

Hey bartender, How 'bout another glass
Looks like another night, Me and Jack
It's been this way ever since she left me
And there's nothing I can do to make it right
She's been gone since I picked up the whiskey
Now it's me and jack throwing it back tonight

Hard as I try I can't seem to shake
The drive for the shot I've gotta take

Hey bartender, How 'bout another glass
Looks like another night, Me and Jack
It's been this way ever since she left me
And there's nothing I can do to make it right
She's been gone since I picked up the whiskey
Now it's me and jack throwing it back tonight
