Red light traffic standing still  
Keeping me from you  
Tough days always in this town  
But this one will soon be through

Just right around the bend  
On a porch step by the drive  
There's an angel out there waiting  
To bring me back to life

She always saves me from all of my crazy  
Like a heads up penny lying on the ground  
She'll be shining  
Yeah that dare me to laugh(?) little look  
She gets me believing  
There ain't a worry in my world that won't start fading  
When she's next to me  
So I need to be on my way

Lived the dream and finally I'm moving again  
Faster than this bag of old sugar, traveling  
Up ahead I see her, hand waiving in the air  
Faded cut back denim and tangled auburn hair

She opens up the door, all I want and more

Like a heads up penny lying on the ground  
She'll be shining  
Yeah that dare me to laugh(?) little look  
She gets me believing  
There ain't a worry in my world that won't start fading  
When she's next to me, where I need to be  
On my way

She can't sit still for the thrill of the night that's coming  
on  
It's only a matter of time 'til my troubles are gone yeah

Like a heads up penny lying on the ground  
She'll be shining  
Yeah that dare me to laugh (?) little look  
She gets me believing

There ain't a worry in my world that won't start fading  
When she's next to me, oh cant you see?  
On my way, oh I'm on my way

To my heads up penny  
To my heads up penny
