Stress this life's a mess I can't take it anymore
This daily grind is grounding me down
Loving you should never be another chore
But, there's a haven I have found

Chorus:

Out in the country in the dead of night
We could go walking in the moonlight
And I would hold you in my arm's so tight
Out in the country in love
Down by the water you can hold my hand
You'll be my woman I can be your man
And even cupid won't understand
How we could be so in love

City life with it's troubles all around
Has made it hard to get away
Let's pack our bags and find a one horse town
We'll leave our worries in the hay

Out in the country in the dead of night
We could go walking in the moonlight
And I would hold you in my arm's so tight
Out in the country in love
Down by the water you can hold my hand
You'll be my woman I can be your man
And even cupid won't understand
How we could be so in love

When we return all bridges burned and smoke is clear
Blood pressure's down, well I don't know
What I've learned is not to waste another year
Before we find the time to go

Out in the country in the dead of night
We could go walking in the moonlight
And I would hold you in my arm's so tight
Out in the country in love
Down by the water you can hold my hand
You'll be my woman I can be your man
And even cupid won't understand
How we could be so in love

Out in the country in love
Out in the country in love.....
