I spent All Night to forget you.
All Night 'cause I left you.
And I have no doubt,
I'm still sure inside it is...
So right to regret you.
Hey yeah!
Dream away... High above the cloud waiting...
For my baby, baby, baby...
I want my my my lovin' ooh
I want some real lovin'
I want my my my my my lovin'
Save me...

I've been thinkin' been thinkin' been thinkin' too much...
Why I met you?
& You were so kind when I met you...
Ooh, so right to regret you...
& I have no doubt
I'm still sure inside
It is... so right to forget you

Hey yeah!
Dream away!
High above the cloud waitin'
For my baby, baby, baby...
I want my my my lovin' ooh
I want some real lovin'
I want my my my my my lovin'

Ooh save me...

I'm waitin', fading, ooh hesitating...

I want my my my my my lovin'

Ooh save me...

I'm waitin', fading, hesitating...

To Dream AWAY...
