Now that I am often dreaming of when you stop by
Flowers, I am gone for hours
Imagination
Imagine, that I am so close by. And waiting for you to
come by
Made in moonlight
Remember, you were so close by.
The bell rings and all my heart sinks. Anticipation.
You open up the door, I see your face as if you have
never gone away
Your eyes remained the same as I recalled. You tell me
how I have not changed
Feel the touch of your hand. So crazy so in love I am.
Imagination please come true. I am so in love with you.
So in love with you

You open up the door, I see your face as if you have
never gone away
Your eyes remained the same as I recalled. You tell me
how I have not changed
Feel the touch of your hand. So crazy so in love I am.
Imagination please come true. I'm so in love with you.
So in love with you

Let the moonlight take our hands. Yes my love and
never let us be apart
Imagination please come true
I'm so in love with you. I'm so in love with you.
Still so in love with you.
So in love with you.
