I'm not afraid
All is forgiven
Cause after all
What's done is done
Move on with grace
Slip into space
And when I'm ready
I'll sing my song

Follow the silence
Far from the sadness
Leave all the madness behind
I'll keep on moving
I'll keep on running
Passing through hallways
Of who I've become
I'll keep on driving
Into the darkness
Not scared of loving
Turn my lights on
Cause where I'm from
We carry on
And keep on living
And keep on running
Running towards
What I've been running from

I will not hide
Fade to submission
You were so wrong
Cause I am still here
Drive through the night
Into the light
Off the horizon
Away from the fear

Follow the silence
Far from the sadness
Leave all the madness behind
I'll keep on moving
I'll keep on running

Passing through hallways
Of who I've become
I'll keep on driving
Into the darkness
Not scared of loving
Turn my lights on
Cause where I'm from
We carry on
And keep on living
And keep on running
Running towards
What I've been running from

(Brazilian)
Quero viver s?
Ja non quero ser
Ja non quero dir
S? quero saber
S? quero sentir
S? quero vivir
Heavenly
Quero viver s?
Ja non quero ser
Ja non quero dir
S? quero saber
S? quero sentir
S? quero vivir
Heavenly

Yes I still believe in love
Yes I still believe in love
Yes I still believe in love

Although I've been damaged
Yes I still believe in love
Yes I still believe in love
Yes I still believe in love

It's true

I'll keep on moving
I'll keep on running
Passing through hallways
Of who I've become
I'll keep on driving
Into the darkness
Not scared of loving
Turn my lights on
Cause where I'm from
We carry on
And keep on living

And keep on running
Running towards
What I've been running from

Yes I still believe in love
Yes I still believe in love
Yes I still believe in love

What I've been running from...

Yes I still believe in love
Yes I still believe in love
Yes I still believe in love

What I've been running from
