Mary wants to be a superwoman But is that really in her head? But I just want to live each day to love her for what she is

Mary wants to be another movie star But is that really in her mind? And all the things she wants to be she needs to leave behind

Very well, I believe I know you Very well, wish that you knew me too Very well and I think I can deal with everything going through your head

Very well and I think I can face Very well, wish that you knew me too Very well and I think I can cope with everything going through your head

Very well, I believe I know you Very well, wish that you knew me too Very well and I think I can deal with everything going through your head

Very well and I think I can face Very well, wish that you knew me too Very well and I think I can cope with everything going through your head
