You're telling me the future plans
Where candy-colored pictures fill your hands
For a minute I am with you there
And I'm picking out some pretty dress to wear

But I'll never believe you now
I never believed you then
Shame

I know a place where summers shine
And every fairy tale comes real before my eyes
And the stories that you always tell
Well, they never held together too well, no

And I'll never believe you now
I never believed you then
And I'll never believe you now

Could you look at, at you now
And what it's doing to me
Broken pieces
Of what it used to be, yeah

Hey, yeah yeah
It used to be
Hey, yeah yeah
Hey hey hey
Hey hey hey

And I'll never believe you now
I never believed you then
Shame

Could you look at, at you now
And what it's doing to me
Broken pieces
Of what it used to be

Could you look at, at you now
And what it's doing to me
Broken pieces
Of what it used to be

Yeah yeah, could you look at
(Never believe you)
Look at, yeah
It used to be

Yeah yeah, could you look at
(Never believe you)
Could you look at
(Never believe you)
Yeah yeah, could you look at
(Never believe you)
Could you

Yeah yeah, could you look at
(Never believe you)
