I know his blood can, know his blood can make me
whole,
I just touched... hem of his garment.
Blood of Jesus, blood of Jesus,
I just touched hem of his garment.

Let his blood has, let his blood has...
I just touched hem of his garment.
I was a gambler just like you, I was a gambler.
I just touched hem of his garment.

Oh his blood have, let his blood have.
I just touched hem of his garment.
I was sick and I couldn't get well, I was sick and I
couldn't get well...
I just touched hem of his garment.

Let his blood have, let his blood have.
I just touched hem of his garment.
Jesus blood can... Jesus blood can...
I just touched hem of his garment.

Ohh his blood have, let his blood have.
I just touched hem of his garment.
I was sick and I couldn't get well, I was sick and I
couldn't get well.
I just touched hem of his garment.
