All this time, feeling weak
Maybe there's no guarantees
Look for proof, finding lies
All the answers in disguise
Give me truth, give me lies
Give me answers in your eyes

Barricades have been built up
This steady pulse has been cut off
The push and pull of empty hearts
Like feeble fingers torn apart
Let's shake these wars (shake these wars)

Give me truth, give me lies
Give me answers in your eyes
All this time, we've been weak
Maybe there's no guarantees
All this proof, all these lies
All the answers in disguise

Brick by brick they've been built up
My steady pulse has been cut off
Let's shake these wars (shake these wars)
Shake these wars (shake these wars)
They're coming down
They're coming down

Give me truth, give me lies
Give me answers in your eyes
It's always better in my head

Give me truth, give me lies
Give me answers in your eyes
All this time, we've been weak
Maybe there's no guarantees
All this proof, all these lies
All the answers in disguise

Give me truth, give me lies
Give me answers in your eyes
Give me truth, don't give me lies
Give me truth, don't give me lies
