I wish and I pray
That you'll love me forever baby
But it's difficult
When they don't approve
They just don't understand what we goin through
But I got you, I got you, I need you I want you
To know that I love you baby
You got me, you got me, believe me you got me
No matter the weather baby

Lately, things haven't been the same
But you'll see
Things are about to change
So don't give up
Let's sit let's talk about us
Get a couple a drinks it's on me
Don't worry
I noticed
I been thinkin a lot
So I wrote this
Just to show you I got this feeling
Tellin me I need to hold on
Tellin me I gotta be strong for you

[Chorus:]
I wish and I pray
That you'll love me forever baby
But it's difficult
When they don't approve
They just don't understand what we goin through
But I got you, I got you, I need you, I want you
To know that I love you baby
You got me, you got me, believe me you got me
No matter the weather baby

Trust me
What they say isn't true, about me
They hate when I'm with you
That's why I
Can't let them get to your head
No matter what your friends said
It's not true

I've learned this
From the things I've been through
There just jealous
Jealous of me and you
So let's stand tall
Believe me I can hold on
Just as long as you can hold on to me

[Chorus]

See I got you girl
And I'll never ever let you go
Till the day I die you were meant for me
See I'm available for you
No matter what we do
However hard it gets I'm a love you down

[Chorus]
