I feel the change in weather,
I wish I never met her
This shit is takin thru to me
I wrote it in a letter,
I said we be forever, now this is what you left for me
I'm laying in my bed and your not by my side
All the promises was said and my heart broke in side

It hurt so much it didn't work out
We tried so hard couldnt figure it out
Thought she was the one
But Now I see that she aint the girl that was ment for
me
So I drove away didn't watch my back
And I can't deny ima call her back
Cuz I really really love her

Cuz she was the girl that was ment for me
So I never gave up and I no it seems that I always give
up
But when I can't breath then I no it's real
That she was the girl that was ment for me [x2]

We putting it together
It's getting hard then ever
But this is how it's got to be
I wana make it better
I swear I want it better
So this is how I really feel
I aint neva been, Hurt like this before
So find some supplement

And I can't take it any more

It hurt so much it didn't work out
We tried so hard couldnt figure it out
Thought she was the one
But Now I see that she aint the girl that was ment for
me
So I drove away didn't watch my back
And I can't deny ima call her back
Cuz I really really love her

She was the girl that was ment for me
So I never gave up and I no it seems that I always give
up
BUt wen I can't breath then I no it's real
That she was the girl that was ment for me [x2]

Do you see me crying out for you
Do you see me reaching out for you
Do you see that I am there for you
Do you see how much I care for you
Do you see that I'll be there for you
Do you see that I am ment for you
[Pause]

She was the girl that was ment for me
So I never gave up and I no it seems that I always give
up
BUt wen I can't breath then I no it's real
That she was the girl that was ment for me [x2]
